Total				

All prices include shipping. Each pack of cards ships individually in its own mailing envelope. Please order cards at least 4 weeks in advance to allow for shipping time. Cards will ship separately at different times closer to the game date.

If we receive your mail order form less than 2 weeks before a game on your order, or if cards are not available, we will automatically substitute an identical pack for the next unordered game on your list.

You may return your **sealed and unplayed** cards at any time (ie: cards arrived late) for refund or credit by writing "Return to Sender" on your envelope and shipping it back to us at no charge, or by returning to our mailing address above.
